

PLACER MINING ACT
CLASS 1 PLACER NOTIFICATION

Submit to district mining recorder. A claim status report and a map must accompany this application indicating camp location, work locations, and all proposed access locations. Work occuring on grouped claims, you are required to list ALL claims in the grouping in this notification.

Mining district: <input type="checkbox"/> Dawson <input type="checkbox"/> Mayo <input type="checkbox"/> Watson Lake <input type="checkbox"/> Whitehorse			Office date stamp
Operator information			
First name		Last name	
Phone	Email		
Mailing address			
City/town	Province/territory	Postal code	
Company name (if applicable)			
Registered claim holders (if different from operator)			
Work dates			
Work and reclamation are to happen under the same class 1 notification. You will not be able to deviate from the dates selected here.			
Start and end dates for all work including reclamation: Start date: <u>YYYY/MM/DD</u> End date: <u>YYYY/MM/DD</u>			
Project location			
Property name/Creek name		NTS map sheet # (1:50,000 scale)	
First Nations traditional territory			
Upon submission of your notice, affected First Nations will be notified of your class 1 work and consulted by the Government of Yukon. Check all that may apply.			
<div><input type="checkbox"/> Acho Dene Koe First Nation</div> <div><input type="checkbox"/> Carcross/Tagish First Nation</div> <div><input type="checkbox"/> Champagne and Aishihik First Nations</div> <div><input type="checkbox"/> First Nation of Na-Cho Nyäk Dün</div> <div><input type="checkbox"/> Gwitch'in Tribal Council</div> <div><input type="checkbox"/> Kaska Dena Council</div> <div><input type="checkbox"/> Kluane First Nation</div> <div><input type="checkbox"/> Kwanlin Dün First Nation</div> <div><input type="checkbox"/> Liard First Nation</div> <div><input type="checkbox"/> Little Salmon/Carmacks First Nation</div> <div><input type="checkbox"/> Ross River Dena Council</div> <div><input type="checkbox"/> Selkirk First Nation</div> <div><input type="checkbox"/> Ta'an Kwäch'än Council</div> <div><input type="checkbox"/> Tahltan Central Council</div> <div><input type="checkbox"/> Taku River Tlingit First Nation</div> <div><input type="checkbox"/> Teslin Tlingit Council</div> <div><input type="checkbox"/> Tetlit Gwitch'in Council</div> <div><input type="checkbox"/> Tr'ondëk Hwëch'in</div> <div><input type="checkbox"/> Vuntut Gwitchin First Nation</div> <div><input type="checkbox"/> White River First Nation</div>			
If you have had any correspondence with First Nations regarding your proposed class 1 exploration work, attach records of your communication (optional).			<div><input type="checkbox"/> Attached</div> <div><input type="checkbox"/> Not applicable</div>
Do you plan to do this class 1 exploration work on any settlement land?			<div><input type="checkbox"/> Yes</div> <div><input type="checkbox"/> No</div>
Access to site			
How will you access the site? <input type="checkbox"/> Existing roads <input type="checkbox"/> Existing trails <input type="checkbox"/> Air <input type="checkbox"/> Other: _____			
Do you want to build new access roads* or upgrade any existing access roads as a part of your exploration work?			
<input type="checkbox"/> No, I am not building or upgrading any access roads. (Road building and upgrading are not authorized class 1 activities.)			
<small>* Road is defined in the Act as 'a pathway for vehicular traffic the construction of which requires the movement of rock or earth.' Upgrading, in relation to a road, means 're-establishing a road that has not been useable for more than 5 years by vehicles of a type the road was originally designed to serve, modifying a road to provide usability for vehicles that are of a different type than those for which the road was originally designed to serve and any other upgrading or modifying of a road, other than for maintenance or erosion control.'</small>			
Vehicle use			
Will you use vehicles on existing roads on claims?	<input type="checkbox"/> Yes (max 40 t)	<input type="checkbox"/> No	
Will you use vehicles on existing trails on claims?	<input type="checkbox"/> Yes (max 20 t)	<input type="checkbox"/> No	
Do you plan to use vehicles off-road in summer on claims?	<input type="checkbox"/> Yes (max 35 kPa)	<input type="checkbox"/> No	
Do you plan to use vehicles off-road in winter on claims?	<input type="checkbox"/> Yes (max 40 t and 35 kPa)	<input type="checkbox"/> No	
Distance: _____ km (max 15 km)			
Using the table below, provide information about all vehicles, machinery, and equipment to be used to access the area, and used within the project boundaries. Attach additional pages if required.			
Equipment/machinery type	Gross weight (t)**	Ground pressure (kPa)**	
<small>** Consult your equipment/vehicle owner's manuals, manufacturer's websites, and any other available resources on the internet to determine equipment gross weights, and ground pressures.</small>			

Details of activity

Structures and camps

Will you have a camp on the claims? ☐ Yes ☐ No

If yes:	How many people will be in your camp at any given time?	_____ (max 10)
	How many days are you camping on site?	_____ (max 250)
	Take the number of people in your camp and multiplying it by the number of days on site (people x days = result). The result must be less than 250.	
	What type of facilities will be used at your camp? Check all that apply.	
	<input type="checkbox"/> Tent <input type="checkbox"/> Trailer/RV <input type="checkbox"/> Tent frame <input type="checkbox"/> Other: _____	
Are you planning to build a new structure?*	<input type="checkbox"/> Yes <input type="checkbox"/> No	
	If yes: <input type="checkbox"/> I will remove this structure within 12 consecutive months.*	

** Structures *without* foundations are intended for a period of use of only up to 12 consecutive months. Structures *with* foundations are not allowed to be built for class 1 operations. **ALL** structures must be removed within 12 months. Check the [Quartz Mining Land Use Regulations](#) to confirm that your work complies with class 1 criteria.

Fuel storage

Do you plan to store fuel on claims? ☐ Yes ☐ No

If yes:	What is the total volume of fuel (in litres) you will store on the claims?	_____ (max 5,000 L)
	What type of fuels will you store? Check all that apply.	
	<input type="checkbox"/> Gasoline <input type="checkbox"/> Diesel <input type="checkbox"/> Propane <input type="checkbox"/> Jet-B <input type="checkbox"/> Other: _____	
	What is the capacity (in litres) of your largest fuel container?	_____ (max 2,000 L)

Lines and corridors

Do you plan to cut lines** on claims?	<input type="checkbox"/> Yes <input type="checkbox"/> No	L: _____ m	W: _____ m	(max 1.5 m)
Do you plan to cut corridors** on claims?	<input type="checkbox"/> Yes <input type="checkbox"/> No	L: _____ m	W: _____ m	(max 5 m)
Purpose of corridors:	<input type="checkbox"/> Trail <input type="checkbox"/> Waterline <input type="checkbox"/> Fuel line <input type="checkbox"/> Power line <input type="checkbox"/> Other: _____			

** A line is defined as a path cut for the purpose of carrying out a geophysical, geological, or engineering survey, constructed by hand or using hand held tools only. A corridor is defined as a path from which trees and brush have been cut to accommodate a trail, water line, fuel line or power line.

Stripping

Will stripping*** occur? ☐ Yes ☐ No

If yes:	Total number of stripped areas: _____ (Attach additional pages if required. Max 600m2 per claim, per year)		
	<input type="checkbox"/> All areas will have the same approximate dimensions.		
	Estimated L: _____ m	W: _____ m	Estimated total area of all stripping: _____ m ²
	Estimated L: _____ m	W: _____ m	
	Estimated L: _____ m	W: _____ m	

*** Stripping is defined as an excavation, undertaken as part of an operation, that is limited to the removal of trees, brush and the vegetative mat.

Trenching

Do you want to construct trenches^Δ on the claims? ☐ Yes ☐ No

If yes:	<input type="checkbox"/> With equipment (complete vehicle use section)		
	How will the equipment be moved from site to site? _____		

	Total number of trenches/pits by mechanical means: _____ (Attach additional pages if required.)		
	<input type="checkbox"/> All trenches/test pits will have the same approximate dimensions.		
	Estimated L: _____ m	W: _____ m	D: _____ m
	Estimated L: _____ m	W: _____ m	D: _____ m
	Estimated L: _____ m	W: _____ m	D: _____ m
	Estimated total volume of trenching and/or test pits: _____ m ^{3ΔΔ}		
	<input type="checkbox"/> By hand, using hand held tools		
Total number of trenches/pits by hand: _____ (Attach additional pages if required.)			
<input type="checkbox"/> All trenches/test pits will have the same approximate dimensions.			
Estimated L: _____ m W: _____ m D: _____ m			
Estimated L: _____ m W: _____ m D: _____ m			
Estimated L: _____ m W: _____ m D: _____ m			
Estimated total volume of trenching and/or test pits: _____ m ^{3ΔΔ}			

^Δ Trenching is defined as excavation that extends below the vegetative mat and is undertaken as part of an operation. For example, test pits or hand shafting.
^{ΔΔ} Trenching volumes cannot exceed 1,200 m³ on a group of three adjoining claims in the program, provided that no claim in the program forms part of more than one group of three, or 400 m³ per individual placer claim that is not part of a group of three adjoining claims.

Drilling

Will drilling occur? ☐ Yes ☐ No

If yes:	# of holes: _____	Approx. depth of each hole: _____ m	Total depth of all drill holes: _____ m
	What type of drill do you want to use? Select all that apply.		
	<input type="checkbox"/> Auger <input type="checkbox"/> Diamond <input type="checkbox"/> Rotary air blast <input type="checkbox"/> Reverse circulation <input type="checkbox"/> Other: _____		

Overburden piles

Will you be creating new overburden piles^{ΔΔΔ}? ☐ Yes. Height: _____ m (max 3 m) ☐ No

^{ΔΔΔ} Overburden piles are waste materials caused by exploration work. For example, rock or soil.

How will overburden be stored? _____

More than 30m from watercourse? ☐ Yes ☐ No

If no, please explain why: _____

Blasting

Do you plan to use explosives on site? (Max 1000kg in any 30 day period)
☐ Yes. I will use up to _____ kg of explosives in any 30 day period.[†] ☐ No
***Consult Workers' Safety and Compensation Board, Mine Safety Branch to obtain a blasting permit, and you must follow all Occupational Health and Safety guidelines.

Geological or geophysical surveys

Will a survey be completed? ☐ Yes ☐ No
A letter requesting pre-approval from the district mining recorder must accompany this application for certain surveys and studies. See Sections C and D of the “[Schedule of Representation Work](#)” for details.

If yes:	Type of survey to be completed:
	Survey to be performed by:
	Will lines be cut for survey? <input type="checkbox"/> Yes <input type="checkbox"/> No
	Approximate date of survey:

Additional details about your work program

Could work occur anywhere within the project boundaries depending on exploration results? ☐ Yes ☐ No

Describe any mitigation measures that you will apply to reduce, control or eliminate adverse environmental or socio-economic impacts (optional).

Notification requirements

Claim ownership and attachments

☐ Claim status report is attached
☐ Map indicating camp location, fuel storage location, work locations and access details.
_____ additional pages have been attached to this notification.

Check the most applicable statement below:

- ☐ I am the operator who will be carrying out this class 1 program. I am submitting this notification as an individual and not on behalf of a business, corporation, or as an agent.
- ☐ I am submitting this class 1 placer notification on behalf of a corporation*.
 - ☐ I certify I have the authority to sign on behalf of the business, company or corporation.
- ☐ I am an agent submitting this class 1 placer notification on behalf of the operator.
 - ☐ Attached is my record of agent agreement document.

* Corporate registration is required by the *Placer Mining Act*. This notification could be canceled if this requirement is not met. Contact the Registrar of Corporations for further information at 867-667-5447 or corporateaffairs@yukon.ca

Signature

_____ INITIAL	Yes, I am submitting this class 1 placer notification pursuant to the requirements of the <i>Placer Mining Act</i> and <i>Placer Mining Land Use Regulation</i> .
_____ INITIAL	Yes, I have read, and my operation will comply with, the <i>Placer Mining Land Use Regulation</i> Schedule 1 - Operating Conditions.
_____ INITIAL	Yes, I hereby certify that the information in this notification is true and complete.
_____ INITIAL	I hereby acknowledge that any work performed by my operation that deviates from the approved class 1 placer notification issued by the manager of mining lands, will be refused by the mining recorder, and claims may lapse.
_____ INITIAL	I confirm that I have permission to conduct the activities proposed in this notification on all claims submitted as part of this notification from the respective claim owner(s), and I understand that I am responsible for all activities that occur under the authority of this notification.
