Definitions & instructions:

Tax - Includes a security paid in advance of a taxable sale.

Adjustments &/or tax credits (line 14) - Financial adjustments credits allowed subsequent to the incidence of tax. (See also province instructions)

Dyed gasoline - Gasoline that has been marked or coloured for tax purposes.

Volume adjustments (line 11) - Allowable volume adjustments prior to incidence of tax.

Rebrands - Allowable charges in product classification. (No net change in volume)

Volumes - All volumes must be reported at either ambient temperature or corrected to 15 degrees C.

Collectors - A person designated by a jurisdiction for purposes of collecting tax.
